# Intl. Audiology Meet begins at AIISH

## 'Early identification prevents language, communication delays'

*State Commissioner for Persons with Disability K.S. Lathakumari addressing the gathering during the inauguration of the 3-day International Audiology Conference at AIISH in city this morning as AIISH Director Dr. M. Pushpavathi looks on. Picture right shows a section of the audience.*

Mysuru, Aug. 25 (RKB&BCT)- A three-day IALP (International Association of Communication Sciences) International Audiology Conference began at the All India Institute of Speech and Hearing (AIISH) this morning.

The theme of the international conference is 'Disability certification of persons with speech and hearing impairment'.

The highlights of the conference are scientific paper presentation (platform and poster) and plenary sessions. Professionals working across the globe will brainstorm and understand the global perspectives on hearing, speech and language disability certification and shortlist practice protocols.

State Commissioner for Persons with Disability K.S. Lathakumari, IAS, was the chief guest. In her inaugural address, she stressed the importance of early identification and intervention of hearing impairment.

"Hearing impairment not only affects the child's speech and language development but also impedes the child's social, educational and personality development. Early identification and intervention programmes for a child with hearing impairment are to determine which children have developmental difficulties that may become obstacles to their learning or may place the children at risk," she said.

Early identification prevents and minimises language and communication delays to enhance the child's language development and communication skills for learning. Early identification and intervention play a crucial role in a hearing impaired disability. There is an urgent need to identify as early as possible those young children in need of services," she noted.

The Health and Family Welfare Department has established early intervention centres in Mysuru, Hassan, Mandya, Mangaluru, Kodagu, Raichur, Shivamogga, Davangere and Bengaluru and this will be expanded to other districts as well, Lathakumari said.

# Two chain-snatchers NABBED

**Gold jewellery worth Rs. 9.15 lakh recovered**

*Kuvempunagar Police team with the seized vehicle and jewels.*

Mysuru, Aug. 25 (KS)- Kuvempunagar Police, on Aug. 20, have arrested two chain-snatchers and have recovered gold ornaments weighing 183 grams and worth Rs. 9.15 lakh from them.

The arrested are 32-year-old Guruprasad, a tailor by profession and a resident of Ramabai Nagar and 29-year-old Shabaz Khan, a Lab Assistant and a resident of Nehru Nagar.

The recovered gold ornaments include four gold mangalya chains weighing 155 grams and one gold chain weighing 28 grams all worth Rs. 9,15,000, besides seizing the bike worth Rs. 35,000, which was used for the crime and two mobile phones worth Rs. 20,000 from them.

The accused used to target only elderly women, at places where there are no CCTVs and they used to switch off their mobile phones while committing the crime.

Following their arrest, the Police have solved five chain-snatching cases in Kuvempunagar Police limits that occurred on Mar. 14, Apr. 3, May 8, June 12 and July 27.

DCP (Crime and Traffic) M.S. Geetha Prasanna and KR Sub-Division ACP S.E. Gangadharaswamy guided Kuvempunagar Inspector Shanmuga Varma, Sub-Inspectors M. Radha and S.P. Gopal, ASI Mahadeva and staff M.P. Manjunath, N.K. Puttappa, Nagesh, Hazarath, Surgeon, Mahesh, M.C. Yogesh and H.K. Srinivas in the nabbing and recovery operation.

Srirangapatna, Aug. 25- The KRS Dam is at the centre of livelihood in the districts of Mysuru, Mandya and Bengaluru and a major part of Tamil Nadu for several decades and is a lifeline, contributing to the region's progress, prosperity and well-being.

Despite this, the security of the Dam has been neglected by successive Governments and by the people who sit in high offices. No concrete measures have been taken till now to ensure fool-proof security.

## Bengaluru's famed Banashankari Temple to get Rs. 48 crore facelift

*Minister Shashikala Jolle and Muzrai Department Commissioner Rohini Sindhuri inspecting temple store room.*

Bengaluru, Aug. 25 (Agencies)- Bengaluru's richest Banashankari Temple is all set to get a new look. Minister for Religious Endowment (Muzrai), Shashikala Jolle, after her visit to the Temple on Monday, ordered officials to submit a detailed master plan for the overall development of the premises.

The estimated cost for the project is Rs. 48 crore and the master plan is expected to provide facilities like parking space, a well-equipped auditorium, an upgraded dining hall for devotees, a commercial complex, and public convenience facilities.

Jolle in a tweet said that a permanent roof, Annaprasad distribution counter and seats should be constructed for devotees in front of the Annadasoha Bhavan.

Looking at an overall development plan for the Temple that generates an annual turnover of about Rs. 48 crore, Jolle held a detailed discussion with Revenue Minister and Padmanabhanagar MLA R. Ashoka and directed officials to incorporate his suggestions in the master plan.

The Minister, accompanied by Muzrai Department Commissioner Rohini Sindhuri, inspected the Temple. "We have already included the Temple in the first list of 'A' grade Temples which will be taken up for development under Daiva Sankalpa programme. The Temple has a collection of Rs. 48 crore every year, and the same amount will be utilised for its development," Jolle explained.

Spread across 4.2 acres of land in Banashankari, the Temple attracts lakhs of devotees every year. The Department will rebuild the century-old dilapidated Varaprasad Anjaneya Temple located on the same premises.

The Minister and the Commissioner inspected the Temple kitchen, store room and other areas frequented by priests and devotees. Later, they served lunch to devotees who had gathered in the Temple premises.

## EDITOR'S BOTTOMLINE

*What we ate, what we breathe and how we move are likely the prime drivers of our health (and ill-health). The Government has committed to massive health insurance programmes in recent years. While laudable, medicalised solutions that focus on diagnostics and therapeutics are simply unpleasant. No one enjoys an angiogram or dialysis or bypass surgery, even if paid for by a national health system. And yet billions are being diverted to digitally map our lives instead of building us walkable roads. To crawl out from under the crushing dual burden of infectious and non-communicable diseases, we need to re-imagine investments in public health. The key to well-being lies in urban planning, public transportation, environmental regulation and subsidising and promoting healthy foods, among long list of services that make life worth living.*

*We must measure the impact of new laws, new investments and new priorities not on the wealth of 20 families, but on how our billions will eat, move and breathe. We must disincentivise development that destroys the building blocks of our health.*

### 34-hour beach rugby game breaks Guinness Record

England: A rugby club in England broke a Guinness World Record when they took to a beach and played a game of touch rugby that lasted for 34 hours and 6 seconds.

The Sandbaggers Rugby Club attempted the world record at Branksome Dene Chine in Poole in May and the club received the word this week that their 34-hour, 6-second game officially set the Guinness World Record for longest marathon playing beach touch rugby.

The club said the record attempt was inspired by member Andrew Vaughton being diagnosed with motor neuron disease in 2021. The attempt raised funds for the MND Association and the My Name'5 Doddie Foundation.

### Janet Jackson song had power to crash laptops

New York: The music video of Janet Jackson's 1989 hit 'Rhythm Nation' was a sensation in terms of its choreography and direction.

But the dystopian pop video had something else going for it too - the power to crash laptops according to Microsoft, and not just those that it was playing on.

In a blog post this week, the company's principal software engineer, Raymond Chen, said a colleague had recently shared a story with him from the days of providing product support for Windows XP.

"A major computer manufacturer discovered that playing the music video for Janet Jackson's 'Rhythm Nation' would crash certain models of laptops," wrote Chen.

The investigation found that playing the music video also caused some of their competitors' laptops to crash too.

### Plea to complete Rain Water Drain works on time

Sir,

Mysuru City Corporation (MCC) gave us a surprise today morning when a JCB was plunged into action and started digging the footpath to provide the Rain Water Drain (RWD) on Kalidasa Road. It is nice that some improvement work is happening to clear the rain water effectively.

These are planned works and the concerned could have notified the residents in advance through paper notification in the public interest before commencing the work so that we could have made suitable arrangements to minimise the inconvenience caused.

Now that the RWD digging has begun and noticed a group of manual labourers engaged in the work, it is a request on behalf of the users of Kalidasa Road to the MCC and the service provider to complete the work duly taking all the precautions in not disrupting the existing Water, Drainage, Electricity and Internet lines in the area and check the progress regularly for the satisfactory completion of the quality of the awarded work and clear the debris within a minimum possible time.

# Fly to Chennai from Mysuru and return the same day

## Additional triweekly flight launched

Mysuru, Aug. 25 (BCT)- An additional flight to Chennai was flagged off from the Mysore Airport last evening to bolster trade and tourism between the two cities. Now the people of Mysuru have an option to fly to Chennai in the morning by Alliance Air 9I568 at 11.30 am and be back to Mysuru by IndiGo 6E7238 at 7.30 the same evening.

The flagging-off ceremony was held in the presence of Mysuru Deputy Commissioner Dr. Bagadi Gautham and members of Airport Advisory Committee C. Narayanagowda, C.A. Jayakumar, Mahesh Shenoy and Bhagyashree Bhat.

This additional flight will be a triweekly flight — Wednesdays, Fridays and Sundays — connecting Mysuru and Chennai. Airport Director R. Manjunath said though the service began on Aug. 12, many people were not aware of the flights and this is why it was decided to hold a formal event.

Alliance Air is operating a 70-seater aircraft to connect the two cities. The flight from Chennai departs at 9.25 am to reach Mysuru at 11 am and the flight from Mysuru leaves at 11.30 am to reach Chennai at 1 pm.

"People can go to Chennai in the morning and return the same day and this convenient facility is available three days a week and they can return to Mysuru through an Indigo flight that operates daily between the two cities," Manjunath added.

Manjunath said that as there was a demand for connectivity from Mysuru to Tirupati, Shirdi and Mangaluru, discussions were on with air operators who are suggesting the operation of flights to Mumbai from Mysuru via Mangaluru. Also, business community is seeking a flight to Ahmedabad and it will be worked out in near future, he added.

The new connectivity in addition to existing connectivity to Bengaluru, Chennai, Kochi, Goa, Hubballi and Hyderabad aims to play a pivotal role in the enlargement of airspace connectivity and cater to the increasing demand of Mysureans.

Mysore Airport is witnessing a steady growth in passenger movement since 2019, which might have dampened during the pandemic but has bounced back quickly once the skies reopened to public. The figures have crossed pre-pandemic levels and are expected to increase with the addition of new routes.

# Beyond Bengaluru Tech Summit in Mysuru on Oct. 19, 20

Bengaluru, Aug. 25 (KMS & BCT)- Beyond Bengaluru Tech Conclaves will be held in Mysuru and Hubballi as part of the 25th edition of the Bengaluru Technological Summit BTS-2022. While the Mysuru Summit will be held on Oct. 19 and 20, the Hubballi Summit will be held on Sept. 26.

*Ministers Dr. C.N. Ashwathnarayan and Munirathna inviting Union Minister Rajeev Chandrashekar to inaugurate Mysuru Conclave.*

Minister for Electronics, IT/BT, Science and Technology as well as Higher Education Dr. C.N. Ashwathnarayan met Union Ministers Nirmala Sitharaman, Pralhad Joshi and Rajiv Chandrashekar in New Delhi and extended invitations for Beyond Bengaluru Tech Conclaves.

These will be inaugurated by Union Ministers Pralhad Joshi (Hubballi conclave) and Rajeev Chandrashekar (Mysuru conclave). On accepting the invitation, the Ministers said they were eager to participate in Beyond Bengaluru Tech Conclave.

Beyond Bengaluru clusters — Mysuru, Mangaluru and Hubballi-Belagavi-Dharwad — are expected to contribute over 10 billion US dollars to State's IT industry by 2030 and have the potential to generate 10 lakh jobs and establish over 10,000 start-ups, he said. The State Government has signed an MoU with Israel-based International Semi-conductor Consortium (ISMC) for semiconductor fab manufacturing in Mysuru at an estimated investment of Rs. 22,900 crore, which is expected to create 1,500 direct and 8,500 indirect jobs, the Minister added.

Taking the global scenario into consideration after the pandemic and increasing work from anywhere trend, the State Government has decided to promote the growth of new generation industries in places beyond Bengaluru also. As part of this, the Government has decided to create congenial ecosystems in Mysuru, Hubballi-Dharwad, Belagavi and Mangaluru.

Under this programme, the State Government intends to develop Mangaluru as the Fintech hub, Mysuru besides being developed as an ESDM (Electronics System Design and Manufacturing) hub, will also become a Cyber-security cluster and Belagavi as the Aerospace hub. These Beyond Bengaluru conclaves will create a platform for entrepreneurs as well as employment seekers to know the opportunities in the field of emerging technologies.

A large number of stakeholders, entrepreneurs, domain experts and investors will gather at these Conclaves. The Government has also opened Karnataka Digital Economy Mission (KDEM) offices in Bengaluru, Hubballi, Mysuru and Mangaluru.

# Minority Commission Chairman holds peace and communal harmony meeting

Mysuru, Aug. 25- Calling upon minorities to set an example by giving top priority for maintenance of peace and harmony in the State, Karnataka State Minorities Commission (KSMC) Chairman Abdul Azeem said that the Commission will rush for the protection of minorities when there is a threat to the rights of the communities that are given by the Constitution.

He was chairing a peace and communal harmony meeting with minority community leaders at the ZP Hall here on Wednesday.

Recalling his service at Mysuru when he was a Police officer earlier, Azeem said that he has special affection for Mysuru district and the people of the district were known for trust and affection. Asserting that he will definitely make prompt efforts to resolve peoples issues here, he reiterated that the Commission will surely step in when the rights and privileges of minority communities come under threat.

*Karnataka State Minorities Commission (KSMC) Chairman Abdul Azeem addressing a peace and communal harmony meeting with minority community leaders at the ZP Hall here yesterday as Commission Secretary Salma Firdous and others look on.*

Referring to the cut in grants, Azeem said that due to COVID pandemic, the Government could not generate much revenues and thus the grants were cut. Now that the situation has returned to normal post-pandemic, the Commission will seek more funds and grants in the coming days, he added.

Jain community leader Suresh Kumar Jain said that Digambar and Shwetambar were the main sub-sects among Jains. He wanted the Government to study the economic, social, educational and political status of the sub-castes.

Leaders from Muslim, Christian, Jain, Buddhist, Sikh and other minority communities participated in the meeting.

Later addressing a press meet at the Deputy Commissioner's office in the evening, Abdul Azeem said that the Commission has got a grant of Rs. 800 crore, which is Rs. 600 crore less than what the previous Congress Government had sanctioned. Pointing out that the sanctioned funds have been utilised judiciously, he said that the Government will be sought more funds in order to extend more facilities and benefits to minorities.

Stating that he held a harmony meeting with the Police Department, he said that, as a former Police officer himself, he has given some suggestions on several issues.

Noting that the Commission has come to know that some Banks are insisting on a minimum deposit for opening of accounts, Azeem said that such banks will be issued notice and will also be asked to advance loans to genuine applicants. Observing that PM Modi himself had advocated zero-balance bank accounts, where many monetary benefits are directly credited to the accounts of beneficiaries, he wondered whether the Bank officers and staff are aware of this.

Commission Secretary Salma Firdous, Chairman's Personal Secretary Nissar Ahmed, BJP Minorities Wing leader Anil Thomas and others were present.

# Probe begins into misappropriation of funds in Mysore University

Mysuru, Aug. 25 (RK&DM)- Following allegations of misappropriation of funds to the tune of Rs. 55 crore in the execution of works undertaken by University of Mysore (UoM), the Karnataka State Audit and Accounts Department at Bengaluru has begun probe into the allegations.

In a letter written to the UoM Registrar on Aug. 12, the Department has asked the University authorities to co-operate with the probe. The letter also said that the Department's Vigilance Cell Head A. R. Parameshwarappa and Accounts Superintendent A.J. Pavithra have been tasked with the conduct of the probe and submit a report.

The Accounts Department authorities have begun scrutinising all the documents which will go on till today, following which a report will be submitted to the Government.

Former UoM Syndicate and Senate member Dr. K. Mahadev in his complaint to the Government, had accused the University of Mysore Vice-Chancellor, Registrar and the V-C's Special Officer of quoting rates higher than the SR rates for execution of various civil and electrical works and purchase of some equipment for the University, which had resulted in a loss of about Rs. 55 crore to the University ex-chequer.

Mahadev had also alleged misappropriation of the University's pension funds and in awarding of tender for purchase of groceries.

## Mandya honey trap case

# Three arrested; Hunt on to nab three others

Mandya, Aug. 25- Three persons have been arrested on charges of honey trapping a businessman, said Mandya SP Yatish.

Addressing a press meet at his Office on Aug. 23, the SP said that the arrested have been identified as Salma Bhanu of Subash Nagar in Mandya, G. Jayanth, a contract employee at Channapatna City Municipal Council and C.N. Mohan Kumar Naik of Chowkasandra village in Kanakapura taluk.

The SP further said that following a complaint from businessman Jagannath Shetty, three persons including a woman have been arrested and added that steps are taken to arrest two more women and a youth, who are involved in the case.

"As businessman Jagannath Shetty was threatened with life, he had not lodged the complaint earlier and the accused are being interrogated in this regard," the SP said.

"It looks like a honey trap case and investigation is going on to know whether the accused are involved in similar cases earlier. But there is no information about it so far. If those who have been cheated by the accused come forward and lodge complaints, action would be taken," SP Yatish added.

# Saluting Brave Army Officers –4

- Flying was his passion but preferred to join the Army
- For Col. Sharath Bhat, 31st October,1984 is an unforgettable Black Day as he was assigned duties to control the situation after Prime Minister Indira Gandhi's assassination

By Dr. Manik A.V. Bengeri

I am the proud son of my father late P.R. Bhat," says Col. Sharath Bhat, who has served Indian Army for 24 years and settled in Mysuru since 2004. Though Col. Sharath Bhat basically belongs to Surathkal, Mangaluru, he was born in North India, educated in Delhi and then joined Indian Army, thus we can say that he belongs to India. It is true that all those who join the Army are only soldiers and their religion is their Motherland.

Col. Sharath Bhat's father, late P.R. Bhat, served the British Indian Army much before India's Independence. He had joined the British Indian Army in the year 1942. He was a Staff Captain in the Electrical & Mechanical Engineer (EME) corps and post-Independence shifted to Ministry of Defence. Though from Mangaluru, he had shifted to New Delhi. He served in New Delhi till his retirement in late seventies. After three daughters, one son was born to the couple on 3rd December, 1959, and he was named Sharath.

Since Sharath's childhood, he was observing his father and was very much inspired. His goal was to make an attempt to join the armed forces after completing his studies. His early studies were from Kendriya Vidyalaya, Delhi and later completed his B.Com (Hons) and M.Com from Delhi University. During College days he was an NCC Air Wing Cadet and passionate about powered flying and held a Student Pilot Licence from Delhi Flying Club, a rarity in those days. NCC groomed him very well and he could have joined Indian Air Force after clearing Selection Board in Administrative stream but he preferred to join the Indian Army. Those were the days, when very few people from his family were inclined to join Army. But following the footsteps of his father, Sharath joined Officers' Training Academy, Chennai, in the year 1981 and was commissioned in Artillery on 26th August,1982 as a Lieutenant and was posted to 210 Rocket Regiment, Anand Parbat, Delhi.

For him 31st October,1984 is an unforgettable Black Day as on that day India's Prime Minister, Indira Gandhi, was assassinated and he was assigned duties to control the situation. He has witnessed the riots, the havoc and the cries of people for help when their houses were burning and to rescue them was a very difficult as well as a big task. Taking affected people to safe areas and provide them medical aid etc., was touching the hearts of army men. At last, with lots of efforts they could establish law and order. They had to rush to Teen Murti Bhavan where the mortal remains of Indira Gandhi were kept.

He also recollects and admits that in Army they are trained to fight with the enemy but not trained to control emotionally charged huge crowd at that time. Col. Bhat sensed the need of more Army troops and arranged to ensure discipline. He says that though he had never seen late Mrs. Indira Gandhi during her lifetime he was present there to ensure her mortal remains got the deserved respect. He stated that for him personally the whole episode and the experience was a very humbling one and that also at the beginning of his service.

In the year 1986, he was posted to Dinjan, Tinsukia, Assam. During this posting he was part of 'Operation Falcon' as Chinese Army had entered Tawang Valley and the war situation could arise at any moment. He and his battalion had to move towards Kibitu, a place on Line of Control (LoC) for which they had to cross Brahmaputra River — carrying guns by helicopters with pilots navigating skilfully over the Lohit river at Kibitu village. The situation was alarming but it eased as both Governments decided to move back their soldiers. The same story was repeated in Galwan Valley in the year 2020. History repeats itself!

*Col. Sharath Bhat (retd.)*

Immediately after his stint in Far East, in the year 1987, Col. Sharath Bhat was posted to Kargil and after six months of acclimatisation, his unit was moved to Siachen Glacier to provide fire support to the troops deployed on the glacier. This place is one of the most challenging battle fields in the world. This is a place where weather claims more lives than the bullets. The temperature dips to minus 50 degrees and strong winds are enough to kill the people within seconds. Col. Bhat was earmarked to go to "Bana Top" but was later directed to another post which was at the height of 17,500 ft. During his posting at this place he had to witness daily casualties due to frost bite and losing their hands / toes etc. Indeed unimaginable for a common person!

Post Kargil War, the entire LAC (Line of Actual Control) was active and in the year 2000, he was posted in Baramulla, Gulmarg and Uri in J&K, very sensitive areas where he participated in many limited battles to inflict damages to the enemy posts. He recollects that during this period his close friend Major Shafique Ghori, a local of Mysore who was posted in Rashtriya Rifles located at a place called Shopiyan, martyred in a fire fight with terrorists — the memories make him emotional. One can't change the destiny is the real truth, but we all can remember the sacrifices made by such brave people, who have not cared for their own lives.

In the year 2002, Sharath Bhat was selected as an Instructor in Indian Military Academy, Dehradun. This is a prestigious assignment for any officer, as one helps mould the future of Indian Army. During this period he has groomed and trained many young cadets from college boys to fine soldiers. He had the opportunity to train Officer Cadets from Bhutan, Malaysia, Nepal and Palestine.

After this, he was posted as head of a unit at NCC Group HQ, Mysore, for a period of two years from 2004 to 2006. Mysore is such a beautiful place for settling down and Col. Sharath Bhat was not an exception in seeing the serene beauty of this city. After falling in love with his wife Bhagawati, this is his second love and he decided to settle down in Mysore. Presently, he continues to serve in Kaynes Technology as Senior Vice-President, Heading the Marketing and International Business. His two married sons are settled abroad and the couple are enjoying their life in *Namma Mysuru*.

It is interesting to note that he joined the Army following the footsteps of his father and left the Army to take care of his mother since he was the only son to her. Col. Bhat realised the need of the hour and bid adieu to his prestigious position in the Army to take care of his 84-year-old mother. The basic teachings of our Ancient Indian culture are at very high level, which tell us that *'Namaatuh para daivatam'!* The meaning is as clear as the sunlight which tells as that there is no bigger Gods compared to mother. Hence serving mother is equal to serve the God ! Col. Bhat followed the same principle and is leading a very contented life of having done his duties as an ideal son.

When the country is celebrating *Azadi Ka Amrit Mahotsav,* let us salute Col. Bhat for his service in the Indian Army, our Nation, as well as to his mother.

*Jai Hind!*

*Col. Sharath Bhat with the Officer Cadets at Indian Military Academy, Dehradun.*

# A pothole-ridden grand Dasara 2022!

Mysuru, Aug. 25 (SBD&BCT)- The official machinery, the elected representatives and various Sub-Committees are leaving no stone unturned to celebrate this Dasara in a grand manner after a gap of 2 years. But in their enthusiasm to attract more and more tourists, they are ignoring one crucial aspect of the city infrastructure — pothole-filled roads.

As the 2020 and 2021 Dasara were low-key ones, none of the roads received a major facelift and only patchwork was done. But a couple of roads got relaid and asphalted when PM Narendra Modi visited the city in June this year. Over Rs. 10 crore was spent to make few roads new so that the VVIP convoy passed smoothly. After that, no work was taken up and there is hardly a month to go for Dasara's inauguration and no one is speaking about the pothole-ridden roads while the common man is put to hardship daily as he is forced to have a bumpy ride.

**Patchworks this time too?**

The Mysuru City Corporation (MCC) has been saying that roads will be developed with the CM's special grants for this Dasara and months have passed and yet there is no sign of road repairs now. Looking at the way things are going, this year too, Mysuru city roads are destined to receive only patchworks, that too just 10 days before the festival.

Forget the arterial roads in the Central Business District. Even the so-called 'Raja Marga' too is ridden with potholes and mind you, this is the road on which the Vijayadashami procession — projected to the hilt as the pride of Mysuru — moves along with caparisoned elephants, Golden Howdah-carrying Abhimanyu, cultural troupes and tableaux.

In many places, like in Tilaknagar, there is no semblance of a road and it is a worse situation when it rains where deep potholes store rainwater. At the junction of Dhanvantri Road and Sayyaji Rao Road (again a 'Raja Marga') sewage flows like a river by the side of Raghulal Medicals and this stretch has not been repaired for years.

Shockingly, the road re-laying work taken up when the PM visited Mysuru has chipped off at many places near the City Bus Stand, holding a mirror to the quality of work. Less spoken is better when it comes to the roads of residential areas. There are grand plans to take the Dasara celebrations to each house in each Ward.

The Rs. 10 lakh grants given to each Ward is not even sufficient to do road patchworks, forget complete asphalting, say Corporators. "We are neither here nor there. This financial mismanagement will prove costly where people are cursing us," said a Corporator. Crores of rupees have been spent on the road repair works in Chamaraja Constituency and were initiated by MLA L. Nagendra. But the execution of the projects is filled with flaws where the main contractor has handed over the works to the sub-contractor and the sub-contractor has given the works to smaller contractors after measuring the roads in metres.

# KRS: 15 metal detectors sought

**(Continued from page 1)**

The Dam in Srirangapatna taluk of Mandya district is full to the brim now and the Karnataka State Industrial Security Force (KSISF) has been entrusted with the responsibility of ensuring its security and safety. Those in power ceremonially offer *bagina* to the Dam once it fills up every year but they have done little to secure such an important installation handed over by the Wadiyars of Mysore.

**Defunct metal detectors**

So pathetic the security aspect is that KSISF has now written to the Chief Engineer of Cauvery Neeravari Nigam Ltd. (CNNL) urging him to supply 15 new HHMD (Hand-Held Metal Detectors) as the ones that were supplied earlier were not working.

The Inspector's Office of KSISF has written the letter on Aug. 24, the copy of which is in the possession of *SOM*. The letter states that CNNL had provided 19 HHMDs in the past and of them, only one is functioning.

"Dasara is nearing and thousands of tourists will head towards KRS Dam and it will be impossible to check them without HHMDs. Despite several verbal requests, HHMDs have not been provided. In the interest of security of the Dam, 15 additional HHMDs have to be immediately sanctioned," the letter said.

**Non-functional cameras**

There are more than 80 CCTV cameras at vantage points in KRS Dam premises and none of them are operational for the last six months and the batteries that supply power to the cameras have been burnt by continuous rain, lightning and thunder. There have been no efforts to repair them though crores of rupees have been spent on installing them. Though thousands of tourists flock to the Dam mostly in the evenings, many lights, including the major dome lights installed on top of concrete poles are defunct.

**74 security men, only 3 have bullet-proof jackets**

The Dam security was managed by the State Police till 2016 and security apparatus was handed over to KSISF later. There are over 74 security men guarding the Dam 24x7 and 68 Self-Loading-Rifles have been given to them. But only 3 personnel have been given bullet-proof jackets. Anyone can walk into the Dam premises unhindered as there is no luggage scanner at the entrance. Luggage scanner that was provided 4 years ago is dysfunctional now and has neither been repaired nor a new one has been provided.

The toll entry fee is collected by the contractor from the lakhs of tourists who visit the Dam on a day-to-day basis. While CNNL takes 75% of the income, 25% goes to the contractor. This toll collection system, however, is not transparent and accounts are hardly maintained in a proper manner, said sources.

# Unregulated night sailing

Though the official sailing calendar of 2022 has come to an end as two mega events were recently concluded at the KRS Dam backwaters, unregulated sailing has continued at the night under the cover of darkness.

Local residents said that boats were often seen floating in the middle of the night and the sailors were disturbing the tranquil atmosphere of the Dam with loud music. A couple of boats were spotted on the night of Aug. 20, residents said.

**Officers refuse to speak**

While some of the CNNL engineers refused to speak to *Star of Mysore* on the security mechanism at the Dam saying that they were not authorised to speak, CNNL Managing Director Shankaregowda said yesterday morning that he was busy in a meeting.

# Gangothri Layout gets a Library

Mysuru, Aug. 25 (RKB&DM)- The city got one more Library today with MP Pratap Simha and MLA L. Nagendra jointly inaugurating it at Gangotri Layout here this morning. The branch library of Mysuru Central Library, is located opposite Putteeramma School on Bisilu Maramma temple road in Gangothri Layout.

The library is housed in the building constructed at a cost of Rs.40 lakh on a MUDA CA (Civic Amenities) site measuring 270 Sq.Mtrs, which was leased out for 30 years for running the Public Library.

In 2009, Gangothri Layout Residents Welfare Association President Kattera A. Kariappa and other office-bearers had remitted Rs.1.46 lakh to MUDA for the CA site to construct the library at a cost of Rs.25 lakh under JNNURM Scheme. But due to some reasons, the construction got delayed, following which the Association collected Rs.4 lakh from the residents and the matter was brought to the notice of MLA Nagendra and the local area Corporator Vedavathi.

Thanks to the initiatives of MCC, MUDA and Library Department authorities, the Library building has been completed at a cost of Rs. 40 lakh, with collective funding from citizens, MLA Local Area Development grants and other funds.

The library has about 4,000 books with adequate seating arrangements for readers. Besides, about 30 prominent dailies and 40 magazines are available to the readers.

Former MUDA Chairman C. Basavegowda, Association President K.A. Kariappa, other office-bearers, Corporator Vedavathi, Department of Libraries Director Dr. S. Satishkumar Hosamani and others were present.

# 7 Indians host Tricolour on Mt. Kilimanjaro, Tanzania

When the people of our country were celebrating 75 years of India's Independence here, a few adventure enthusiasts from India also thought of celebrating it differently. So as part *Azadi Ka Amrit Mahotsav,* about four men and three women went to climb Mt. Kilimanjaro — highest mountain in Africa and single free standing mountain above sea level in the world.

The team left for the expedition on Aug. 8 from Bengaluru and they had acclimatisation followed by climbing from Machame Gate to Machame Camp via Rain Forest, Shira Cave Camp, be ready for the coldest times, followed by Barranco Camp. While reaching this camp, you will pass through Lava Tower which is at a height of 4,630 mts and sends the trekkers dizzy with the height as few get into AMS (Acute Mountain Sickness) but after lunch we descend back to Barranco Camp which simply mesmerises the trekkers with the clouds formation just in front of it. The altitude of the Lava Tower sends the trekkers dizzy and from a distance, you can see the Camp but the ups and downs to reach the Camp sends the shivers in spine, says **Punitha Nagaraj,** a housewife from Mysuru city.

Once we come down to Barranco and next day we tend to climb the 850 feet wall, which is a feast for any climbers, says **Tiger Solanki,** an adventure enthusiast who keeps organising treks in India.

Once you climb the wall, the clouds below you will give a sense of different feeling as you are walking in the clouds. But once you reach the Karanga Camp, some creatures are in hurry to hop to the next Camp so that they can attempt the summit the same day but we took a break and went next day to the Barafu Camp. The Barafu Camp is a picture perfect with Mt. Kilimanjaro on the opposite side and trekkers dancing to the tunes of the *Jambo Jambo bwana, Habari Gani.*

It was 10 pm in the night when our orderly Zakariya came and said it's time up for us to leave for the final ascent for which we have come. On Aug. 19, we just had some tea, ground nuts and popcorn and left for the summit; it was a gruelling 7-hour climb to the Stella Point or Mt. Kilimanjaro which is at a height of 18,885 feet in Tanzania and Africa's tallest mountain at about 5,895 meters (19,340 feet). It is the largest free-standing mountain rise in the world, meaning it is not part of a mountain range and walking uphill in the night was a nightmare, says **Lenin Chowdhary** of T. Narasipur in Mysuru who is on his first expedition.

Despite all the odds of the food for the vegetarians doing this trek was a task, says **Chethana Seervi,** a resident of Hyderabad. As in the trek there was no vegetarianism and if so it was not conducive for the consumption. But still on Aug. 20 at 6.20 am, we successfully summited on Mt. Kilimanjaro and Stella Point and moved further and made it to Mt. Freedom Peak or Uhuru Peak which is at a height of 19,341 feet in Tanzania, says **Karthik Nagaraju** of Bengaluru.

The team comprised DSD Solanki, Lenin Chowdhary, Punitha Nagaraj, Chethana Seervi of Mysuru and Gireesh Hullur, Karthik Nagaraj and Sri Gowri of Bengaluru.

## WORD OF THE DAY

### Unabashed

**Pronunciation:** un-uh-BASHT.
**Meaning:** Unabashed is a synonym of both undisguised and unapologetic. It usually describes someone who is not embarrassed or ashamed about openly expressing strong feelings or opinions, or such a person's emotion or behaviour.
**Origin:** To abash someone is to shake up their self-possession, as illustrated by Charlotte Brontë in her 1849 novel Shirley: "He had never blushed in his life; no humiliation could abash him." When you are unabashed you make no apologies for your behaviour (nor do you attempt to hide or disguise it), but when you are abashed your confidence has been thrown off and you may feel rather inferior or ashamed of yourself. English speakers have been using abashed to describe feelings of embarrassment since the 14th century, but they have only used unabashed (brazenly or otherwise) since the 15th century (not that there's anything wrong with that).
**Example:** "Morgantown attorney Sam Stone ... loves the Wheeling Symphony, and has since he was knee-high to a conductor's baton. He learned how to play classical music and he learned how to love it, too. His fandom of the Wheeling Symphony was unabashed and unconditional." — Jim Bissett

## THE ODD WORD

### Uberty

Fruitfulness; abundant productiveness.

## PHRASE OF THE DAY

### Upper hand

**Meaning:** Mastery, Advantage, Control.
**Origin:** The phrase "upper hand" is mostly used to describe someone who made a decision based on his/her dominant position. This phrase originated from American baseball games when the players select sides for spontaneous games. If you have the upper hand, you have more power than anyone else and so have control: After hours of fierce negotiations, the president gained/got/had the upper hand.
**Example:** "In this case, the President has an upper hand in the decision making and not the Congress."

## QUOTE BOX

I don't know where my road is going, but I know that I walk better when I hold your hand. **— Alfred de Musset**
